

## Miracle System - Master Kit

This kit has been designed for the more robust pulling requirements, which includes our strongest puller along with the standard base kit, slide hammer and a selection of pulling bits.

### Additional Information

- Increased labour within each repair job thus reducing the need for panel replacement
- Speeds up the repair process and turns the repair around more quickly
- Improves the workshop throughput and reduces the job cycle times
- Minimises strip and refit
- Start job immediately without waiting for panels
