

Alloy Wheel Painting Stand - Deluxe Heavy Duty

Wheel repair and painting stand allows for the wheels to be rotated in situ, to ensure that every surface of the wheel can be reached.

Additional Information

- Holds 4 wheels with or without tyres.
- Supporting bars & cones can be adjusted for optimum height, with the wheels being held at angle for ease of use.
- Rotates the wheels on the cones so that each wheel can be painted completely.
- Complete with 100mm Polypropylene (PP) wheels for moving the stand round the workshop or spraybooth. Handles spraybooth grids.
- Size: 1200 x 1200 x 1000mm high. Weight: 19.5kg. Max load: 100kg (when evenly distributed). 25kg per wheel.
