

Combi-Star Welder 16 Amp - Alu & Steel

Revolutionary short cycle aluminium welder with simple single dial controls, combined with Miracle steel welder.

Additional Information

- 16A MS4 welder combined with Alumax (steel and aluminium), with localised earth.
- Fixes Miracle style bits, Miracle alumi bits and Alumax special pull pins.
- Uses the integrated puller on aluminium welder to ease out dents using special aluminium welding pins. Aluminium washers and pins are re-usable.
- Prepares the panel ready for the appropriate Miracle tool to be used to lift out the dent.
- Included in Miracle System Platinum Kit, Part No. 92168. Consumables available, see Part No. 92509 (Alumax special pull pins) and 92153 (Miracle special alumi bits).
