

## PDR Wheel Arch Lever Support & Pivot

Heavy duty PDR bar tyre support with adjustable eyelet, designed to both act as a pivot point for the bar when reducing a dent on the wheel arch and to prevent the tyre being deformed or damaged.

### Additional Information

- Tyre support for use with PDR bars, please see Part Nos. 92265 & 92369.
- Acts as a fulcrum point when performing wheel arch repairs.
- Designed to avoid any damage to tyres.
- Heavy duty construction, with anti-slip pad on reverse, 40mm internal diameter eyelet.
- Supplied with a storage bag.
