

Self Lock Clamp - 60mm

60mm Self-locking clamp. Speed up pulls and save valuable hook-up time by eliminating the need to bolt the clamp to the panel.

Additional Information

- 60mm wide jaw.
- 6 tonne pull capacity.
- Avoid clamp slipping by tightening jaws onto the panel by turning pulling eye.
- Sprung wedge action ensure a continuous hold during the pull. Replaceable jaws available, please see Part No. 91835.
- 100mm Self Lock clamp also available, please see Part No. 91070.
