

Self Lock Clamp - 100mm

100mm Self-locking clamp that avoids slippage. Speed up pulls and save valuable hook-up time by eliminating the need to bolt the clamp to the panel.

Additional Information

- 100mm wide jaw.
- 6 tonne pull capacity.
- Jaws open up to 12mm. Replaceable jaws available, Part No. 91005.
- The greater the pull force applied, the tighter the grip.
- 60mm Self Lock clamp also available, please see Part No. 91068.
