

Seam Splitter - Angled

Easily separate hard to reach spot welded or bonded panels.

Additional Information

- Sharpened on three edges for penetration between panels. Allows for impact to drive panels apart.
- Side edges allow for side impact to drive the panels apart without damage. 90 degree end for hard to reach pinchweld areas.
- Suitable for use on quarter panels, sills & any other pinchwelds.
- Manufactured from Chrome Molybdenum, with a manganese phosphate finish & PVC grip.
- Standard model also available, please see Part No. 91168.
