

Mobile Bumper Rack - Single

Single sided bumper rack capable of holding up to 6 large bumpers. The adjustable arms ensure the bumpers are kept apart and away from the floor to reduce the risk of any damage. Manufactured from steel.

Additional Information

- Safely stores up to 6 bumpers whilst the vehicle is being repaired.
- Height: 2.1m.
- Support arms adjust to storage requirements. 5kg per bumper weight limit, 30kg per stand.
- Mobile for easy storage, can be pushed back against a wall. Ideal for use in bodyshops.
- Double sided rack also available, please see Part No. 91177.
