

2 Claw Pull Hook Strong

This 2 claw pull hook can only be used to adapt a Miracle system user's kit, to allow the use of Power-TEC multipads glue strips. The hook upgrades the kit ready for the addition of the glue dent removal system with the addition of multipads.

Additional Information

- 2 claw pull hook adaptor.
- Allows multipads, Part No. 92346, to be used on the Miracle System as part of a hot glue dent repair.
- Multipads are flexible for use with flat or curved panels. Pads can be easily cut to size to suit requirements.
- Can be used with hot glue dent removal kit, Part No. 92308.
