

## Standard Easy Puller

Easy puller tool to be used as part of the Power-TEC Miracle System to repair dings, dents and scrapes whilst shrinking back any metal stretch.

### Additional Information

- Repair dings, dents & scrapes. Shrinks back metal stretch. Can be used on all panels.
- Lightweight, plus easier to handle & adjust. No need to change frames.
- The centre spindle moves across the fixed square frame in a sweeping up/down motion, allowing the welded tip to be moved closer to the edge of the frame isolating the damage as it decreases.
- Part of the Miracle System Base Kit, Part No. 92169.
- Replacement tips available, please see Part No. 91676.
