

Panel Cup Kit 3pc

A set of 3 aluminium framed panel cups, creating a powerful vacuum for panel repair.

Additional Information

- Three diameters: 75mm, 100mm, 125mm.
- Lightweight frame made from high density aluminium. Made from durable rubber.
- Handy release lever for quick release.
- Can also be used to assist in glass panel installation by preventing the glass dropping down the channel.
- All panel cups available separately, please see Power-TEC Part Nos. 91173 (75mm diameter), 91174 (100mm diameter), 91175 (125mm diameter).
