POWER™ TEC

Miracle System - Platinum Kit

The ultimate Miracle System panel repair workstation, the Platinum Kit combines the Master Kit, Part No. 92171, with key upgrades. The Combi-Star aluminium & steel welder replaces the standard Evo Miracle welder and houses it on the larger Miracle Platinum tool trolley. It also includes a lever puller, which is ideal for difficult to access areas, together with hand pullers, aluminium hammer set, rubber faced pein hammers for use on aluminium panels to prevent cross contamination and a mini air sander.

Additional Information

- Miracle System Master Kit, Part No. 92171, with the welder upgraded to the Combi-Star, Part No. 92510, & the Platinum Tool Trolley, Part No. 92114.
- The revolutionary short cycle aluminium welder with simple single dial controls, combined with a Miracle steel welder, for use with Miracle style bits, Miracle Alumi bits & Alumax special pull pins.
- The larger Platinum tool trolley provides more room for the larger welder, together with a bigger work area & more room to store pullers, accessories & consumables.
- The lever puller is ideal for use on hard to get to areas or for where it's not possible to use both pads of the line puller, plus can be used under pressure or tension.
- Full training manual & DVD included. Please contact Power-TEC for further information.
