

Miracle System - Standard Kit with 1100mm Line Puller

This kit takes the Standard Kit and upgrades it to include a 1100mm line puller, slide hammer, together with a selection of pulling shafts and consumables.

Additional Information

- Miracle System Standard Kit Part, No. 92170, with the upgrade to a 1100mm line puller, slide hammer, pulling shaft set & consumables.
- The longer 1100mm line puller allows for greater adjustment, and larger areas to be spanned, when roughing out damage on cosmetic panels, repairing panel lines to their original shape.
- The 1.5kg slide hammer features a M14 thread to fit accessories including a 3 point electrode holder.
- Kit also available with a 800mm line puller, please see Part No. 92170.
- Full training manual & DVD included. Please contact Power-TEC for further information.
