

Fluted Stripe Off Disc with Adaptor

Suitable for the quick removal of pinstriping, decals, stickers, adhesive tape, and residue from car bodywork without damaging the surface. The fluted design of the disc helps to prevent it from overheating which can cause smearing.

Additional Information

- Fluted design helps to prevent overheating & smearing.
- Size: 100mm x 25mm.
- Supplied with an adaptor for drill use.
- Max 4000rpm.
- For removing stripes, decals, stickers and moulding adhesive.
