

Mobile Rolling Lift

Mobile hydraulic lift allows vehicles to be raised up to 992mm, providing access for wheel changes or brake and suspension work. While in place, fit wheels and lower and the lift becomes mobile, allowing the car to be safely moved to another part of the bodyshop/workshop freeing up a working bay.

Additional Information

- Lift capacity SWL 3 tonne.
- Maximum lift height 992mm, minimum lift height 100mm.
- Wheels are easily fitted to the lifting arms, allowing the lift to be moved with the car, freeing up workshop space.
- Pneumatic hydraulic pump using standard workshop air.
- Made in Europe.
