

Mobile Masking Machine

This masking paper dispenser trolley features large rugged wheels making it easy to manoeuvre around the bodyshop and spray booth to allow for the paper and tape to be measured out and applied directly to the vehicle, minimising any possible contamination. It features 4 masking tape holders which enable the tape to be automatically applied to the side edges of the masking paper, 2 serrated cutting blades, and 2 storage trays to ensure easy access to any additional items that may be required whilst masking a vehicle.

Additional Information

- Takes 2 rolls of 450mm masking paper.
- Automatically applies masking tape along the edges of the paper.
- Tubular steel construction, complete with sharp cutting blades & 2 storage trays.
- Max load capacity: 40kg. Overall size: 680 x 560 x 920mm.
- Large wall mounted masking paper dispenser also available, please see Part No. 92634. Note: masking paper & tape not included.
