

PDR Wheel Arch Lever Support & Pivot

Heavy-duty PDR bar tyre support with adjustable eyelet, designed to both act as a pivot point for the bar when reducing a dent on the wheel arch and to prevent the tyre being deformed or damaged.

Additional Information

- Tyre support for use with PDR bars, please see Part Nos. 92265 & 92369.
- Dimensions: 175 x 153mm. Eyelet features an 40mm internal diameter.
- Acts as a fulcrum point when performing wheel arch repairs. Designed to avoid any damage to tyres.
- Manufactured from carbon steel with a bake painted finish & anti-slip pad on reverse.
- Supplied with a storage bag.
