

Electric Random Orbital Sander - 150mm

A compact mains powered electric sander, with a random orbital action, designed for use with 150mm (6") hook and loop sanding discs with dust extraction holes. It features a composite housing with a soft rubber grip, to help reduce vibration, and a rear facing exhaust for use with a dust extraction system. The 9-stage variable speed motor ranges from 2,000 to 10,000 RPM and features a soft start function to prevent gouging the work surface, a downforce overload indicator, and a temperature monitor which can shut the sander down to prevent it from overheating.

Additional Information

- Variable speed dual-action electric sander, with hook & loop backing pad, for use with centralised dust extraction systems.
- Sanding pad: 150mm (6") diameter.
- Features a 350W brushless motor with 9 preset speeds, 2,000 – 10,000 RPM. Vibration: 4.79 m/s².
- Supplied with a 4m power cable fitted with a 240V 13 amp 3 pin BS plug, backing pad wrench & central vacuum adaptor. CE & RoHS compliant.
- Use with Connect sanding pads, please see Part Nos. 32223 (P40), 32224 (P60), 32225 (P80), 32226 (P100), 32227 (P120), 32228 (P180) & 32229 (P320).
