

## Flexible & Adjustable Sanding Block 70 x 400mm

A hand sanding block, designed for use with 70 x 400mm hook and loop sanding strips with dust extraction holes. It can be adjusted and fixed into flat, concave and convex profiles to suit the shape/contour of the panel being sanded. It also features an ergonomic design, with a foam body, for comfort and ease of use, together with a dust outlet and adaptor allowing it to attach to a vacuum hose for dust-free sanding.

### Additional Information

- Adjustable sanding block, incorporating hose connector for dust free sanding.
- Designed for use with standard 70 x 400mm hook & loop sanding strips.
- Can be set & fixed as flat, concave or convex depending on the angle of the surface to be sanded.
- Manufactured from Polyurethane (PU) material with an ABS block base.
- Dust outlet: 20/28mm Ø, Suitable for use with a dust extraction system, such as Part No. 92697 & 92701.
