

PDR Roof Lever Support

A PDR fulcrum hook designed to allow the user to use PDR levers from the inside of the roof of a vehicle. The plastic coated, wide based hook is designed to hook over the roof edge so that the leverage loop provides a convenient point to lever from using standard PDR lever.

Additional Information

- For PDR lever use from under vehicle roofs, bonnets & tailgates etc.
- Use with PDR bars, please see Part Nos. 92265 & 92369.
- Plastic covered to prevent damage to painted surfaces.
- For vehicle wheel arch work please see Power-TEC Part No. 92677.
