

Lateral Tension Multi-Angle Pull Mounts

Part of the Power-TEC lateral puller range. The 92737 multi-angle puller mounts are designed to hook directly on to the Power-TEC lateral pullers, Part Nos. 92733, 92734 & 92735.

Additional Information

- Multi-angle mounting pads allow the tension frame to be laid down in use.
- Size: 100 x 50mm.
- Manufactured from machined aluminium, textured face for better grip on the glue.
- Designed to allow the puller arms to link on easily.
- For use with Power-TEC 250mm (Part No. 92733), 450mm (Part No. 92734) & 900mm puller frames (Part No. 92735).
