

## Push Pull Kit - Cordless

A hand-held battery powered push & pull alignment kit delivering up to 5 tonnes of force in either direction using a rechargeable 21V battery. The lack of external cabling or hydraulic pumps and pipes makes this system ideal for use in restricted spaces. The kit also features a range of accessories, including extension bars and chain lock attachments, and it all comes supplied in a robust plastic storage case.

### Additional Information

- Quick to assemble & easy to use. 130mm travel length.
- One-person operation with the convenience of no trailing leads or air lines.
- Accessories included: 3 x Extension Bars (200mm, 300mm, 400mm). 2x female threaded connection sleeves, 2x adaptors, 2x chain adaptors, 1x inner force screw foot & 1x outer force screw foot.
- Supplied with 2x 21V batteries & 1x battery charger (UK mains plug). For EU mains charger please see Power-TEC Part No. 62884.
- All contained in a robust plastic case with strong over-centre latches. CE, UKCA & RoHS compliant.
